

# **Caldew School Post 16 Bursary Policy**

Reviewed under Finance and Resources Committee Reviewed annually

Last adopted: July 2025 Next review: July 2026

**School Mission Statement:** "To enable all students to learn to their full potential in a safe and caring environment."

This policy sets out how the Post 16 Bursary Fund will be used to enable post-16 students to learn to their full potential by assisting on eligibility to break down barriers to learning.

#### **Background**

Caldew School as a provider of Sixth Form education is responsible for the distribution of the devolved Post 16 Bursary fund as delegated to it by the Department for Education. This fund is based on the estimated number of students in receipt of Free School Meals (FSM), Ever6 FSM, Children Looked After (CLAs) and a weighted factor based upon the deprivation index determined by the catchment area the school serves.

The school is required by statute to have a policy detailing how it will distribute the funds and criteria by which this is done.

The Bursary is aimed at students in Y12 or Y13 and is available to each sixth form intake for the duration of the period of one year dependent on continued government funding.

#### **Principles and Aim**

The Bursary Fund is intended to aid students who would otherwise experience barriers to their continued participation in education. Caldew students who live mainly in rural areas come from a catchment area covering over 200 square miles and as such face many unique challenges. It is the school's aim to us the allocated funds each year to promote engagement and participation amongst post 16 learners within this diverse catchment area.

#### Support for students to access 6<sup>th</sup> Form Provision

Barriers to accessing 6th form provision can depend on individual circumstance. The school application form for bursary assistance for those eligible, itemises some of the areas students may encounter. This list is not exhaustive and other barriers can be discussed on application.

The Governing body of Caldew School has determined that, as many students do not live in areas serviced by bus routes which give them access to post 16 provision at the school, or within a reasonable distance, that the biggest barrier to participation is transportation. The school itself is serviced by specific bus routes that transport the majority of the 11-16 students to the school. Post 16 students are not entitled to free transport on these routes.

#### **Direct Support for students in need**

Students who fall into the vulnerable group category can apply for a bursary. These students are unlikely to be receiving financial assistance from parents or carers, so may need a greater level of support to enable them to continue to participate. Students will be awarded the amount of support they need to participate based on an assessment of the types of costs they have.

The defined vulnerable groups are students who are:

- in care
- care leavers
- receiving Income Support, or Universal Credit because they are financially supporting themselves or financially supporting themselves and someone who is dependent on them and living with them such as a child or partner
- receiving Disability Living Allowance or Personal Independence Payments in their own right as well as Employment and Support Allowance or Universal Credit in their own right

The bursary for vulnerable groups can pay up to £1,200 per year to a student participating on study programme that lasts for 30 weeks or more if they need that amount of support. Students on study programmes of less than 30 weeks should be paid a pro-rata amount.

In addition, students in the following groups can apply to the school to receive a discretionary bursary:

**FSM students** – Students who are eligible for Free School Meals will be entitled to up to an £800 bursary each year. Through the Local Authorities transport teams, they should in addition be able to claim for free transportation to school. The funds should be used by the student to buy essential equipment that they may need. FSM eligibility is assessed by Local Authority Children's Services and the school will be notified by them of a student's entitlement. The decision about how much bursary they receive will depend on each student's individual circumstances and their actual financial need. These will vary from student to student, depending on, for example, their household income, the distance they need to travel to the institution and the requirements of their study programme. A review of the application form submitted will be made in order for decisions to be made on allocation and amount funded in each individuals case.

**Other students** – All other students attending the school's sixth form will not be entitled to a direct bursary award. The remaining fund will be used to procure direct resources for the 6<sup>th</sup> form at the discretion of the Head teacher.

## **Conditions for Receipt of Bursary**

Please note that all applications will be scrutinised for accuracy and where applicable, supporting original documentation will be required. On signing the declaration, students and parents are agreeing to the conditions of the bursary payment including:

- Behaviour and attitude to learning must meet expectations,
- Attendance remains above 90%
- Completion of my course.
