

Dear Parents and Carers

The return to school has gone very well and I am impressed at the way students have adapted to the new routines. They have shown maturity and understanding of the situation we all find ourselves in.

Having seen how the school had operated with all students back I have made the decision that it will be compulsory for students and staff to wear a face masks when they are on the corridor from Monday 14th September. This includes when they are entering and leaving the building, when moving between lessons and when moving to breaks and lunchtimes.

The reason for this that we have some narrow corridors in our building and even with the measures we have put in place they are still get crowded and maintaining social distancing is difficult.

We will obviously make expectations for those students who cannot wear them for medical reasons. Please send a letter to your child's Head of Year.

Please remind your child about how to wear face coverings safely:

- wash your hands thoroughly with soap and water for 20 seconds or use hand sanitiser before putting a face covering on
- avoid wearing on your neck or forehead
- avoid touching the part of the face covering in contact with your mouth and nose, as it could be contaminated with the virus
- change the face covering if it becomes damp or if you've touched it
- avoid taking it off and putting it back on a lot in quick succession

When removing a face covering:

- wash your hands thoroughly with soap and water for 20 seconds or use hand sanitiser before removing
- only handle the straps, ties or clips
- do not give it to someone else to use
- if single-use, dispose of it carefully in a residual waste bin and do not recycle
- if reusable, store the face covering ideally in a paper bag or envelope (does not contain moisture) or in a plastic bag.
- do not place face covering down on any surfaces for example school desks unless in a bag.
- do not handle a non-medical mask or face covering belonging to someone else
- wash your hands thoroughly with soap and water for 20 seconds or use hand sanitiser once removed

Thank you for your continued support

Vicki Jackson
